November 18th

Achievements and Plans

Read through coursework and plan study material.

November 23rd

Achievements

Met new partner and worked out what needs to be done.

Reflections

Coursework looks long but we are confident we will complete it.

November 25th

Achievements

Attended SE tutorial 4.

Reflections

Didn't help much with the assigned coursework.

November 26th

Achievements and Reflections

Spent around 5 hours at library reading through code to understand implementation. Both I and my partner understood that we needed to use an ArrayList for Menu.

However the object creation proved to be problematic.
